UP-RES

ERASMUS+ PROJECT

Behind every number is a child.

The intro video of UP-RES, our Erasmus+ project to strengthen the resilience of migrant students, is now live!

14
videos based on real scenarios

Why this project?

PISA studies show that migrant students in Europe start school one step behind their peers. UP-RES grew out of this reality.

Why is it innovative?

One of the first studies in the literature to strengthen migrant students' resilience, built on a scale with proven validity and reliability.

Scientific basis

The pilots ran in 4 schools in different countries. UCAM University analysed the results and published them as a scientific paper.

UP-RES

ERASMUS+ PROJECT

Who took part, what was built?

A strong cross-border solution to a shared problem

MINDELTAL SCHULEN — Germany

UCAM Universidad Católica de Murcia — Spain

LLG-Gr — Greece

4ο ΔΗΜΟΤΙΚΟ ΣΧΟΛΕΙΟ ΚΑΛΛΙΘΕΑΣ — Greece

MOBAD time to digital transformation — Poland

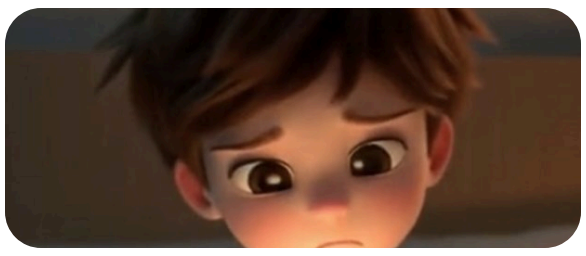

Fundacja dla Migrantów DOBRY START — Poland

NOVA Education Germany — Germany

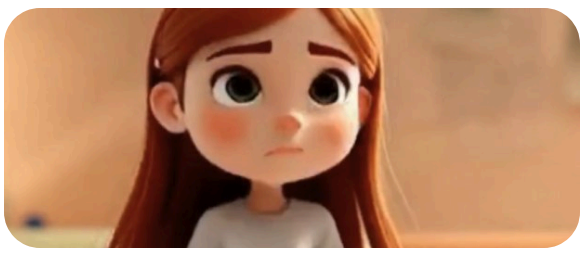

Ukrainischer Verein Augsburg — Germany

GYMNASIUM REALSCHULE ERINGERFELD — Germany

What was developed?

- Gamified interactive videos **based on 14 real scenarios** that reflect the challenges of a new country and a new school
- A completely free online platform **in 5 languages**, open to every school
- Pre-test, post-test and certificate, using a scale tested for validity and reliability
- A teacher's guide and shareable training materials
